

Trash

Trash/Recycling inside the building

All residents, owners and renters, are reminded that the upkeep of trash areas are everyones responsibility. Boxes for recycling **MUST** be broken down flat. Trash should not be placed in recycling. Trash disposed of down the trash chutes **MUST** be in bags. This is **ESPECIALLY** true for pet waste.

Outside Dumpsters

The dumpsters are **NOT** to be used for large item or hazardous material disposal. This includes no indoor or outdoor furniture, printers, computers, mattresses, paint, solvents, or anything that is not normal household trash. A new sign has been placed at the dumpsters to remind all of this rule.
